Martin and Barry – in olden days

CHAIRMAN'S STATEMENT

主席陈述

The Trustees have pleasure in presenting our eighteenth Annual Report for 2014. Our first steps in creating Barry & Martin's Trust were in May and June of 1996, when we met successively with the Chelsea & Westminster Hospital in London, and with the Chinese Academy of Preventive Medicine in Beijing, and our cooperation between China and the UK began to take shape.

理事们很高兴发布我们第十八份年度报告, 2014 年年度报告。我们最初创立贝利马丁基金会是在 1996 年的五六月间, 那时我们先后在伦敦会见了切尔西和威斯敏斯特医院的医生, 在北京会见了中国预防医学会的工作人员, 自那时起, 我们在中英两国间的合作才初见端倪。

China has changed greatly since we started in 1996, but our consistent message of good practice in HIV/Aids care has been widely recognised. We have brought many doctors and nurses from the UK to China, and we have welcomed Chinese doctors and nurses in England and Scotland. This has all contributed to treating HIV/Aids with kindness, and without discrimination. We have encouraged the development of centres of excellence in HIV/Aids care in different parts of China- and our annual prizes have helped to set a good example.

自我们开始工作的 1996 年以来, 中国已经发生了很大变化, 但我们对艾滋病关怀的良好做法所传递持续的信息, 则赢得了广泛的承认。我们请很多医生和护士从英国到中国去, 我们也在英格兰和苏格兰欢迎中国的医生和护士, 这都有助于心怀善念没有歧视地治疗艾滋病, 我们鼓励中国各地发展建立优秀的艾滋病关怀中心, 我们每年的颁奖帮助树立良好的榜样。

In October we awarded our fifteenth annual prize to Dr Zhao Hongxin of Beijing Ditan Hospital. Dr Zhao has been doing wonderful work among HIV/Aids patients, and we have been cooperating with her, and with our other prize winner from the same hospital, Nurse Wang Kerong, in outreach to other hospitals and groups around China, most recently in Guizhou and Jiangxi. Indeed, we continue to cooperate with nearly all our former prize winners, many of whom have become famous in medical care, and two of them have been made 'National Model Workers'.

在十月, 我们给北京地坛医院的赵红心医生颁发了第十五届年度奖, 赵医生一直在艾滋病病人中杰出地开展工作, 而我们一直在与她合作, 我们也与来自同一家医院的获奖者王克荣护士合作, 在其他医院和社群中开展工作, 最近一次是在贵州和江西。我们确实一直持续地与我们几乎所有历届获奖者合作, 他们中的许多人已经在医疗关怀领域愈发知名, 其中两位已经成为了“全国劳动模范”。

We were particularly pleased that on World Aids Day, the Prime Minister Li Keqiang visited the Quiet Garden at Beijing You'an Hospital. We established the Quiet Garden in 2007, jointly with the You'an Hospital, to reach out to newly infected HIV positive people, mainly young gay men. This has been a total success, and we often join the patients in their weekend activities, and the Quiet Garden has been a model for other centres elsewhere in China. The epidemic continues to spread rapidly among the gay community, and we always support the mainly gay groups which are making special efforts in this area. Rapid increases in infection rates are being reported in the young (under 21 yrs of age) and old (over 60), and the use of recreational drugs has aggravated the situation, as in the West. We have met HIV positive boys as young as 14.

我们特别高兴的是, 在世界艾滋病日, 李克强总理参观了位于佑安医院的恬园工作室, 我们与佑安医院合作在 2007 年建立了恬园工作室, 以接触那些新发感染的艾滋病病毒携带者, 这些人中的大部分都是年轻的男同性恋者。这一工作非常成功, 我们经常参加艾滋病病人的周末活动。恬园工作室已经成为中国其他地方中心的样板。疫情仍然在同性恋者人群中持续迅速地蔓延, 我们则通常支持主要为男同性恋者的小组, 他们可以在这一领域里做出特殊的贡献。据报, 感染率的快速增长, 主要发生在年轻 (21 岁以下) 和年长 (60 岁以上) 者当中, 和西方一样, 使用软性毒品则加剧了这种感染。我们见到的艾滋病感染者中最小的男孩年仅 14 岁。

China has become more sophisticated and self-sufficient in HIV/Aids care, with free first and second-line ART drugs and funding for opportunistic infections becoming more available. However, we are finding that we are still greatly in demand, taking into account our long record and deep friendships all over the country. We tell our friends that Barry & Martin's Trust has no intention of withdrawing from China. The Chinese government has promised to make up the funding gap left by the withdrawal of major aid agencies through procurement of services, but release of funding has been patchy over the whole country, leading to severe curtailment of activities by many grassroots organisations. Many groups now make advanced use of the internet to carry out education, information sharing, care and follow-up activity.

中国在艾滋病关怀方面已经变得更加成熟并可以自立, 免费的一线和二线抗病毒治疗药物和针对机会性感染的可用资金, 变得更加可及。然而, 我们发现, 基于我们长期工作的记录 and 在中国各地建立起的友谊, 对我们的需求仍然很大, 我们告诉我们的朋友, 贝利马丁基金会无意退出中国。中国政府已经承诺, 通过购买服务的方式提供资助, 以弥补由于主要的援助机构撤离留下的资金缺口。但在全国, 资金的使用并不一致, 导致很多草根组织的活动严重削弱, 许多组织现在利用互联网的优势开展教育、信息共享、关怀和随访活动。

We continue to enjoy valuable support from our Embassy and Consulates around China. Their Civil Society programme has supported several HIV/Aids related projects run by local NGOs that we have set up or sponsored. The Chinese government has issued new regulations to make it easier for local NGOs to be officially registered, and it remains to be seen how smoothly these regulations will be implemented. It is certainly to the advantage of NGOs to get this official blessing; and close cooperation with the authorities is always desirable to avoid misunderstandings.

我们将继续获得我们的大使馆和在中国各地领事馆的宝贵支持，他们的公民社会项目支持了许多艾滋病相关的项目，这些项目由本地非政府组织开展，而我们建立或资助了这些组织。中国政府已经颁布了新的法规，使当地的非政府组织得以正式注册，这些规定的执行是否顺利仍然有待观察。能够得到官方的注册，对非政府组织来说当然有好处，而与主管部门的紧密合作则始终是可取的，这样可以避免误解。

Our financial condition continues to be strong, with assets increasing by ten per cent over the year. We have been helped on the one hand by generous donations, and on the other by favourable markets. We cannot count on either of these factors continuing, but for the time being we have adequate funds to make all the grants we wish, concomitant with prudent giving to people we can trust; and we are able to make quick decisions when we come across people and groups which need immediate help.

我们的财务状况仍然强劲，本年度资产增加了 10% 以上。一方面，我们一直通过获得慷慨捐赠得到帮助，另一方面，我们则通过良好的市场获得帮助。我们不能指望上述两个因素持续，但目前我们有足够的资金用于所有我们希望的资助，伴随着谨慎地给予我们信任的人资金，在遇到需要立即帮助的人和小组时，我们能够迅速做出决定。

Our Trustee Eugene Chang has returned to London, and continues to be fully involved. Our old friend Zhen Li has taken over as our Director in China.

我们的董事张忠誉已经回到伦敦，并继续充分参与工作。我们的老朋友甄里接管了工作，成为我们中国的主任。

We are extremely grateful to our friends in the UK and around the world who have contributed to our work both financially and with voluntary support – and the participation of Elizabeth Shields and The Mary Kinross Charitable Trust has brought us the love and respect of many friends around China.

我们非常感谢我们在英国和世界各地的朋友对我们工作资金上的支持和志愿支持 - 伊丽莎白·谢尔斯和玛丽金诺斯慈善基金会的参与，给我们带来了中国各地许多朋友的爱和尊敬。

BEIJING DITAN HOSPITAL/BARRY & MARTIN'S PRIZE 2014

We awarded our 2014 prize to Dr Zhao Hongxin, who is in charge of HIV positive inpatients at Beijing Ditan Hospital. This was the second time we have given a prize at Ditan Hospital, following Nurse Kerong in 2004. The award to Zhao Hongxin was received with great approbation, and at the prizegiving two of her patients spoke of her kindness and efficiency. In the above photo Dr Zhao Hongxin is holding the award. To her right is Nurse Wang Kerong and to her left is Dr Shen Jie, Secretary General of the Aids Association of China, and next to her is Madam Lu Yiping, Deputy Director of the Hospital Management Bureau of Beijing. Standing at left of the photo are our adviser Frankie Bai and Yang Jie (Gaga) our 2013 prizewinner from Tianjin. The tallest figure in the back row is Andrew Key, Deputy Head of Mission at our Embassy, who spoke in fluent Mandarin. Between Andrew and Martin is Guo Jiyong, Deputy Director General of the Health & Family Planning Commission of Beijing. To Andrew's left is Zhen Li, our Trust's Director in China. To Martin's right is the President of Ditan Hospital, Dr Zhang Yongli. Standing second from right in the front row is Dr Rachel Ainley from our Embassy.

The photo at bottom right is the front page of the magazine, Hand in Hand. The photo at bottom left is a happy one. With Frankie at left is Julia, the HIV positive volunteer who has worked for many years on living well with HIV. We happened to visit the Ditan hospital the day before Julia's baby was born. Her English husband, Carl, is to the right of the photo, with Hong Xia, a volunteer at the Red Ribbon Centre, which our Trust supports. The following day we heard that Julia's little girl had been born and was clear of HIV infection.

NANJING AND WUHAN

We travelled by train beside the Yangtze River in April to Nanjing, Changzhou and Wuhan. In Nanjing we were joined by our Consul General from Shanghai, Brian Davidson, and we called on the No 2 People's Hospital. We received there a presentation on "Sunshine Doctors". The doctors on the Sunshine list are those who publish their telephone numbers and are available to HIV patients, whatever their problems may be. The concept works well in Nanjing and could be used more widely. We also visited the National Centre for STD Control which is based in Nanjing; and we met with the gay group which we have been supporting since 2002, at which time our efforts were described as "bringing hot coals through the snow". In the photo above we are visiting the gay group at their offices, where we were joined by provincial, prefectural and municipal authorities, who all support the group.

Above we are in Wuhan visiting our old friend Dr Gui Xien who is standing at left, with some of his young patients and volunteers. Dr Gui was our prizewinner in 2003, and he continues to do outstanding work at the Zhongnan Hospital, Wuhan University. We are also supporting two gay groups in Wuhan, one is wholly HIV positive and the other is aimed towards university and college students. There is a nice story about the support we gave to the Belgian MSF Clinic in Xiangyang 12 years ago, which enabled some patients there to get medicine in the period before the government was making it available. One patient from Xiangyang told us that she had gone blind with CMV retinitis, but had eventually recovered her sight after taking medication.

XINJIANG

We paid our annual visit to Xinjiang in September, travelling to Urumqi and Yining City. This included our visit to the Xinjiang Infectious Diseases Hospital in Urumqi, which we have been supporting for the last 10 years. In the photo above, at second left, is Xiao Feng, leader of the principal gay group which we support in Urumqi; and Martin has his hand round Hanati, of the Kazakh people, whom the gay group has rescued. We also support through Mukhtar of the CDC, a group of Uighur gays, covering several major cities of Xinjiang. We also visited the Oasis Centre which we support, and met our friends among the Uighur HIV positive wives and widows.

ELDERLY NURSES AND DOCTORS – NANCHANG AND BEIJING

We visited Nanchang and Jiujiang, in Jiangxi Province, where the work of the Infectious Diseases Hospital and the local CDC made a particularly good impression. Nurse Hu Minhua is standing at left in the above left photo. She introduced us to 85-year old Nurse Zhang Jin Yuan. In the centre is Nurse Wang Kerong of Ditan Hospital, our 2004 prize winner, who accompanied us to Jiangxi, along with our latest prizewinner Dr Zhao Hongxin. Nurse Zhang took the view on retirement that she wished to continue working and she established her group of retired nurses to provide free nursing care around Nanchang, to all conditions of patients. She won the Nightingale prize for her work, to which we made a contribution.

In the photo above right, Liz, Martin and Frankie are with Dr Xu Lianzhi of Beijing You'an Hospital, who won our prize in 2002. Xu Lianzhi is over 80 and comes to the hospital every day to visit patients. Xu Lianzhi was the original doctor who looked after HIV Aids patients at the beginning of the epidemic in China more than 20 years ago. Her caring example continues to be a model at Beijing You'an Hospital and more widely around China.

1 – JINZHOU, LIAONING PROVINCE

We visited 4 cities in the North East in September, beginning with Jinzhou, whose HIV positive group we had met previously at the You'an Hospital in Beijing. In the photo above, we are visiting the Infectious Diseases Hospital, accompanied by Duan Yi of the Quiet Garden at Beijing You'an Hospital. The hospital in Jinzhou has received training from Beijing You'an and they showed a caring attitude towards patients.

In the photos below we are spending the evening with the hospital and CDC officials and their patients and families, and we are treated to delicious Dongbei dumplings. Below left, Madam Yang, whose husband died of HIV Aids, is just completing an embroidery, on which she had been working for a year.

Below right, the whole embroidery is displayed. It will be among the pictures we will show next year, at our 20th Anniversary.

2 – ANSHAN, SHENYANG AND HARBIN

We continued our north eastern journey by train to Anshan in Liaoning Province and to the provincial capital Shenyang; then on to Harbin, capital of Heilongjiang Province. In the above photo we are at Shenyang railway station saying goodbye to the gay group's leader Ma Tiecheng and to Meng Xiang, who had come to meet us from Changchun in Jilin Province. We have been supporting the gay group in Shenyang since 2002. Meng Xiang was a new acquaintance, introduced to us by Ma Tiecheng. Meng Xiang looks after 600 HIV positive people in Changchun and a further 150 in his home town of Tonghua. We support this group, who have established "Barry & Martin's Care Centre, Changchun Spring of North China" – see photo below.

The group in Anshan has named their Centre after our Trust, as the "Barry & Martin – Anshan LGBT Centre". They founded the centre on Martin's birthday and intend to remember theirs and Martin's anniversary every year on the same day.

Below left Martin is opening the Centre together with its leader Ai Hui. Below right is the plaque.

QINGDAO

We visited Qingdao in October to visit our old friend Professor Zhang Beichuan and the two gay groups which we support in the City, one of which is wholly HIV positive. The above photograph shows Professor Zhang standing next to Martin. The leader of the gay group, Tiger, who is a doctor, is seated in the front row with a red sweater. We support more than two dozen gay groups around China through Dr Zhang.

In the evening we were invited with Dr Zhang to lecture the students in Qingdao Ocean University. Below is one of the posters placed at the entrance of the lecture hall.
